

Setup day. Saturday 19 September.

Four people: **Matt**, **Dakota**, **Haley**, **Elsie**. Two parts: what we can do **now** while the gym is busy, then the **build tonight**. Tents stay up overnight.

Part 1. Now, while the gym is busy · nobody needs the gym for any of this

Matt · tech bench, about 2 hours

- ☐ **TV laptop:** a **Booth** folder on the desktop with **docs** and **START-TV.bat** side by side. Double-click the .bat, watch one full loop **with sound**. Alt+F4.
- ☐ **Each iPad (3):** Safari, **tinyurl.com/ncc-booth**, Share, Add to Home Screen. Auto-Lock **Never**. Date & Time automatic. Open Camera, tap **Allow**.
- ☐ **Each iPad:** Host button: round length 60, After a game **ON**, Clear all scores. Guided Access on; passcode on tape on the back.
- ☐ One full round of **all four games** on one iPad. Two buttons at the end means good.
- ☐ **Exit laptop:** Google Form, Responses, green Sheets icon; bookmark the sheet. Delete the **Test Entry** row. Second tab: **tinyurl.com/ncc-booth-signup**. Sleep: never when plugged in.
- ☐ **LED rolls:** plug in all three. All light, same colour? Tape the 4-pin joints. See how far apart the new kit's two leads reach.
- ☐ **Charge:** 3 iPads, 2 laptops, 2 power banks.

Haley + Elsie · boxes and paper

- ☐ Close the gift boxes, a sign-up card in each. **Count them**, write the number on the carton.
- ☐ Prize envelope: gift cards, marked **PRIZE**. Clipboard, one sheet, Sharpie.
- ☐ Signs in hanging order, two binder clips on each. VIP badges go with the lanyards.
- ☐ One bag: binder clips, zip ties, safety pins, gaffer tape, clear tape, scissors, 2 gold sashes, 2 black cloths.

Dakota · load-out, stage it by the door

- ☐ 2 tents, 8 sidewalls, 6 leg weights
- ☐ 3 tripods, round table, TV table, TV + remote, HDMI
- ☐ 2 extension cords, 8-outlet strip, small strip, USB block, 3 iPad chargers with 6 ft cables
- ☐ 3 LED rolls with bricks and remotes, 2 curtain lights, sunset lamp, clip light
- ☐ Stanchion + rope, lanyards, 2 coolers, sunglasses

Part 2. Tonight in the gym · about 2 hours from the moment the floor is ours. Times are from the start.

When	Matt	Dakota	Haley	Elsie
0:00	EVERYONE Carry it all to the corner. Matt finds the outlet first and proves it with a phone charger, before any tent goes up. Ask which tape the church allows on the floor.			
0:10	EVERYONE Both frames up , side by side, backs to the gym wall. One person per corner, walk backward together. Canopies on, legs up one click at a time, weights on all six legs .			
0:35	MATT + DAKOTA Power . Cord from the outlet to the 8-outlet strip in the back-left corner. Second cord along the base of the back wall to the back-right corner. TV cord down the left wall and out under the flap. Tape it all flat.		HALEY + ELSIE Sidewalls: back, left, right, then the two fronts. The middle wall stays off. Tie back the entrance (front-left) and the exit (right side, front end) with the sashes.	
1:00	TV table outside, right of the entrance. HDMI in, sound output to the TV, START-TV.bat. Set the volume standing where the rope will be.	Tripods: 1 and 3 two feet off the back wall, 6 ft apart. 2 between them, pulled 3 ft forward. Then stanchion and rope at the entrance.	Signs outside: Backstage by the rope, Wanted on the left wall, Crew Only by the flap, All Access above the TV, How It Works where the rope starts.	Exit table across the back-right corner, black cloth. Mark the spot for boxes and coolers behind it. Small power strip under the table.
1:25	iPads onto gym Wi-Fi, onto the tripods, cables down the legs to the USB block, taped. Exit laptop on the table, sheet open.	Floor lights: two rolls from the back wall to the flap, 3 ft apart, either side of iPad 1. Third roll from under the exit table to the lane. Tape.	HALEY + ELSIE Curtain lights clipped to the roof edge: left wall (back 8 ft) and front wall right of the TV. Signs inside: QR + High Score on the right wall by the exit table, How It Works on the back wall. Sunset lamp on the floor by the back wall, clip light on iPad 2.	
1:50	EVERYONE Walk it as a visitor and run the test list on page 2. Fix what felt wrong while all four of us are here. Then shut down for the night (page 2).			

Test it tonight. Tomorrow is just switching it on.

Everything on this list is something that can only go wrong in the real gym. Finding it tonight costs ten minutes. Finding it at the doors costs the first hour.

Before anyone leaves: the test list

1. **Wi-Fi.** Every iPad loads the games on the gym Wi-Fi. If it will not: a phone hotspot is the backup. Decide whose phone tonight.
2. **One real sign-up** on an iPad. The name shows on the exit laptop's sheet within a minute. Then delete that row.
3. **TV sound** comes out of the TV, not the laptop. Stand at the rope: clear, but you can still talk over it.
4. **Lights.** All three floor rolls on, same colour, one remote. Nothing to trip on. Curtain lights on.
5. **Camera game on iPad 2** with the clip light on: the face is lit, the thumb joystick moves the shot.
6. **End of a game:** two buttons show. Sign up, fill the form, and it goes **back to the games by itself**.
7. **Guided Access** on all three: start it, triple-click, the passcode ends it.
8. **The exit.** Walk from the stands straight out without touching the table. Then try to reach a box from the visitor side. You should not be able to.

Overnight

Goes home

- ☐ 3 iPads and both laptops (charge them)
- ☐ Gift cards and the prize envelope
- ☐ 2 power banks (charge them)
- ☐ Gift boxes, unless the gym is locked
- ☐ The TV, unless the building is locked overnight

Stays, and the last things before the door

- ☐ Tents, tables, tripods, lights, signs, cords all stay.
- ☐ Floor rolls **off** at the remote.
- ☐ Corner strip **unplugged at the wall**.
- ☐ Both flaps untied and down.

Sunday morning · one hour before the doors

- ☐ **Bring:** iPads, laptops, gift cards, power banks, boxes, bottled water, **ice** for the cold cooler, lanyards and VIP badges.
- ☐ Corner strip in. **START-TV.bat**. Volume check from the rope.
- ☐ iPads on the tripods, chargers in. On each: **Host, Clear all scores, then Guided Access, Start**.
- ☐ Exit laptop: sheet open, sign-up tab open, charger in.

- ☐ Boxes and both coolers **behind** the exit table. Prize envelope and clipboard with the exit worker.
- ☐ Lights on: three floor rolls, curtain lights, sunset lamp, clip light.
- ☐ Flaps tied back. Rope up. Phones on silent.
- ☐ Dakota puts on the sunglasses.

Tomorrow's spots · my suggestion, swap freely

Dakota	The rope. Lanyards, sunglasses, "you are on the list".
Matt	The host spot behind iPad 2. Gets people started on all three iPads, fixes anything technical.
Haley	Floating, between the stands and the exit table. Talks to the people who look interested, points finished players along the floor light, covers breaks.
Elsie	Behind the exit table. "What name did you put?" Sees it on the sheet, hands over a box and a water. Runs the hourly gift card.

If something breaks tomorrow: Fair Day Playbook, Part 6, "When something goes wrong". It is on the team page.
